

Fencing for Everyone

A uniquely classic sport, fencing incorporates history, drama, romance, style and art, in addition to the advantages of being physically demanding. This intriguing and intense sport is as fun as it is competitive. Fencing develops discipline, balance, coordination, and sportsmanship. It helps the participant develop quicker reflexes and an ability to make lightning fast analyses of tactical situations.

Midwest Fencing Academy is one of the most successful clubs the U.S. The members of our competitive team program earn medals from prestige national tournaments. Classes are led by world-class coaches, who are Olympians and World Cup Tournament Champions.
